Executive Director
TOKYU REIT, Inc.

Representative Director & President,
Chief Executive Officer
Tokyu Real Estate Investment
Management Inc.

Kazuyoshi Kashiwazaki

On behalf of **TOKYU REIT**, I would like to express my sincere appreciation to all of you, our unitholders, for your continued support and patronage to us.

I hereby report our operating environment and results for the fiscal period ended July 2022.

During the fiscal period ended July 2022, we disposed of OKI System Center (land with leasehold interest) in February 2022, acquired Meguro Higashiyama Building, and disposed of Akasaka 4-chome Building (Tokyu Agency Inc. Head Office Building) in March 2022. With the disposition of the above two properties, we posted a gain on sale of ¥2,023 million and provision of reserve for reduction entry of ¥423 million. In addition, we completed the extension work at Tokyu Toranomom Building in June 2022. Compared with the previous fiscal period, gain on sale of real estate decreased by ¥2,678 million while operating income stood at ¥4,732 million (decrease of ¥2,748 million period on period), net income stood at ¥4,339 million (decrease of ¥2,731 million period on period) and net income per unit at ¥4,438 (decrease of ¥2,795 period on period). Distribution per unit will be ¥4,005 (increase of ¥55 period on period).

Positioning ESG and the SDGs as important management issues, **TOKYU REIT** and Tokyu REIM have promoted

identification of material issues (materiality) and ESG initiatives in various fields based on the Sustainability Policy. During the fiscal period ended July 2022, we acquired CASBEE real estate certification for 10 properties under management and, in July 2022, formulated a green finance framework. **TOKYU REIT** and Tokyu REIM will continue to press ahead with initiatives for realizing a sustainable society.

With regard to the next fiscal period onward, in the fiscal period ending January 2023, although an increase in revenue from the extended portion of Tokyu Toranomom Building is expected, income is forecast to decrease due to the decrease in gain on sale of real estate as we have no plans for disposition. For the fiscal period ending July 2023, we expect both revenue and income to increase due to earnings from Futako Tamagawa Rise, which we are scheduled to acquire in January 2023, and increased occupancy of Tokyu Toranomom Building and other properties.

Distribution per unit is planned to be ¥3,200 (decrease of ¥805 period on period) for the fiscal period ending January 2023 and ¥3,400 (increase of ¥200 period on period) for the fiscal period ending July 2023, with a partial reversal of the reserve for reduction entry.

TOKYU REIT will continue to strive to maximize unitholder value through “investment in highly competitive properties in areas with strong growth potential.”

TOKYU REIT greatly appreciates your continued support.

Overview of Investment Management Fee

Investment management fee structure linked to three performance indices aimed to balance conflicts of interest by “being in the same boat as unitholders”

Remuneration	Criteria for calculation	Remuneration Ended Jul. 2022 (FP 38)
	Reason for adoption	
Base 1 (Linked to asset valuation)	Asset value at the end of previous fiscal period × 0.125% (0.120% for the portion exceeding 200 billion yen and 300 billion yen or less) (0.115% for the portion exceeding 300 billion yen)	¥374 million
	It will be linked not to the total investment amount but to the total asset valuation and motivate the enhancement of asset value even after the acquisition of properties	
Base 2 (Linked to cash flow)	Standard cash flow in current fiscal period ^(Note) × 6.0% (5.7% for the portion exceeding 5.0 billion yen and 7.5 billion yen or less) (5.4% for the portion exceeding 7.5 billion yen)	¥288 million
	Motivating the increase of distributions through the increase in rent revenue and reduction of expenses	
Incentive Fee (Linked to investment unit price)	(Average price in current fiscal period - Highest average price over all previous fiscal periods) × number of units × 0.4%	Not occurred
	It will motivate the increase in investment unit price and efforts on the overall asset management business such as finance, IR, governance and compliance in addition to the normal asset management business will be enriched	

(Note) Standard cash flow here shall be the amount derived by subtracting an amount equivalent to 50% each of profit or loss from the sale of specified assets and profit or loss from the valuation of specified assets from the net income before income taxes, plus depreciation and amortization of deferred assets.

*Apart from the above, TOKYU REIT pays predetermined fees, etc. to an asset custodian, general administrators, property management companies and an independent auditor, among others.

* The above fees are all booked as expenses. TOKYU REIT does not adopt an acquisition incentive fee, which is capitalized on the balance sheet.

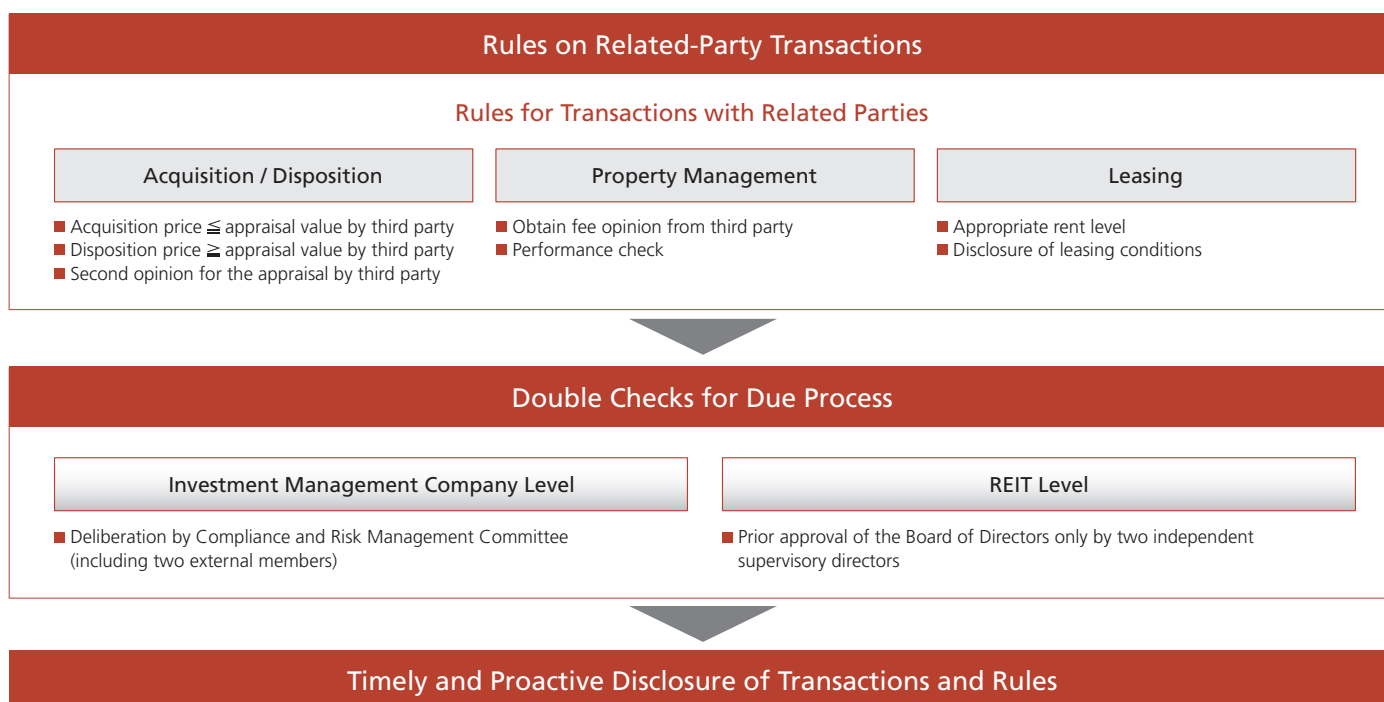

Collaboration with Tokyu Corporation and Its Subsidiaries

To achieve external growth, **TOKYU REIT** works to acquire a balanced mix of properties from the real estate investment market as well as Tokyu Corporation and its subsidiaries. **TOKYU REIT** also conducts replacement of properties and other measures as needed in order to maintain and improve the portfolio quality, aiming to enhance its asset value and increase net income per unit. **TOKYU REIT** also endeavors to achieve internal growth by enhancing earnings stability and growth potential through collaboration with Tokyu Corporation and its subsidiaries in the areas of property maintenance and management.

Pipeline Support for Property Acquisition	<ul style="list-style-type: none"> The memorandum requires that, when Tokyu Corporation and its subsidiaries attempt to sell their owned real estate assets that are qualified for investment by TOKYU REIT, they should preemptively offer the sale to TOKYU REIT. This arrangement will enable TOKYU REIT to make further progress in the implementation of its Capital Re-investment Model explained.
Property Management	<ul style="list-style-type: none"> Will be outsourced, in principle, to Tokyu Corporation and its subsidiaries.
Trademark License	<ul style="list-style-type: none"> TOKYU REIT has received permission from Tokyu Corporation to use the trademarks of “東急” and “TOKYU.”
Holding of Investment Units	<ul style="list-style-type: none"> Tokyu Corporation owns 49,000 investment units (5.01% of total) of TOKYU REIT.

	Yamato, Kanagawa Prefecture	
Others	Other districts in the Tokyo Metropolitan Area, including Kanagawa, Saitama and Chiba Prefectures (excluding the separately mentioned areas above)	

(Note) The PML for the entire portfolio. There is no unified, strict definition of PML; as used in this semiannual report, PML represents the amount and percentage of damages in the event of the occurrence of the largest earthquake that is expected to happen once in 475 years. Calculations incorporate data relating to the assessment of building conditions of individual properties, conformity to architectural design, assessment of ground conditions of relevant site and assessment of seismic performance. The PML is based on the earthquake risk assessment reports prepared by Tokio Marine dR Co., Ltd. Damages in this instance refer to property damage and do not include secondary damages such as loss of life and damages to surrounding facilities. In addition, damages are limited to structural damage and damages to facilities and building interior and exterior, and do not cover damages caused by earthquake fire which started within the property and fire damage from surrounding facilities.

Investment Management Strategy

Capital Re-investment Model

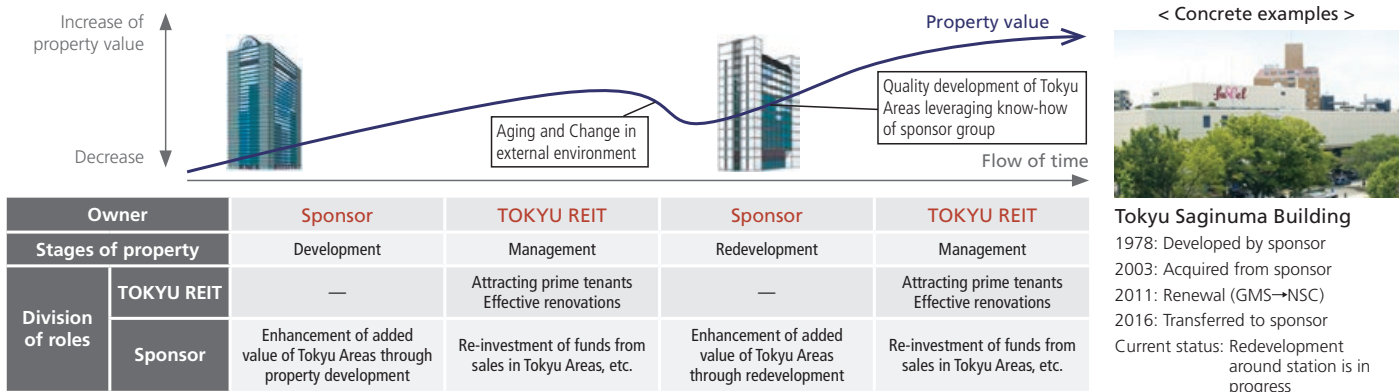

“Capital Re-investment Model” through collaboration with sponsors

Our unique investment strategy involves a capital re-investment model. When we purchase properties from Tokyu Corporation and its subsidiaries, the proceeds are eventually used for re-investment in the Tokyu Areas by Tokyu Corporation and its subsidiaries, and therefore, contribute to maintaining and improving the value of our target area. While **TOKYU REIT** is not part of and is independent from the Tokyu Group, we try to explore opportunities for collaboration with Tokyu Corporation and its subsidiaries, while, at the same time, making sure we maintain and observe rules on conflicts of interest that investors also believe in.

Sponsor Collaboration in Line with Stages of Life of Property (medium to long term)

Aim for ceaseless value enhancement in investment targeted areas through division of roles with sponsor

TOKYU REIT's Long-Term Investment Management Strategy (Surf Plan)

“Value and contrarian investment strategy” focusing on cyclicity of real estate prices

TOKYU REIT has conducted investment with a focus on the cyclicity of real estate prices, in order to achieve enhanced portfolio quality. Specifically, TOKYU REIT has been implementing the “Long-Term Investment Management Strategy (Surf Plan).” Under this strategy, through value investment and contrarian investment^(Note) by focusing on the cyclicity of real estate prices, TOKYU REIT secures capital gains while replacing properties, aiming to build a portfolio that boasts lasting competitiveness and balance sheets that are strong against even difficult economic times. The objective of this approach is to accurately discern the ‘waves’ of prosperity and depression in real estate market conditions.

(Note) It is not intended for TOKYU REIT to engage in short-term trading in property investments.

Investment Style

Value & Contrary

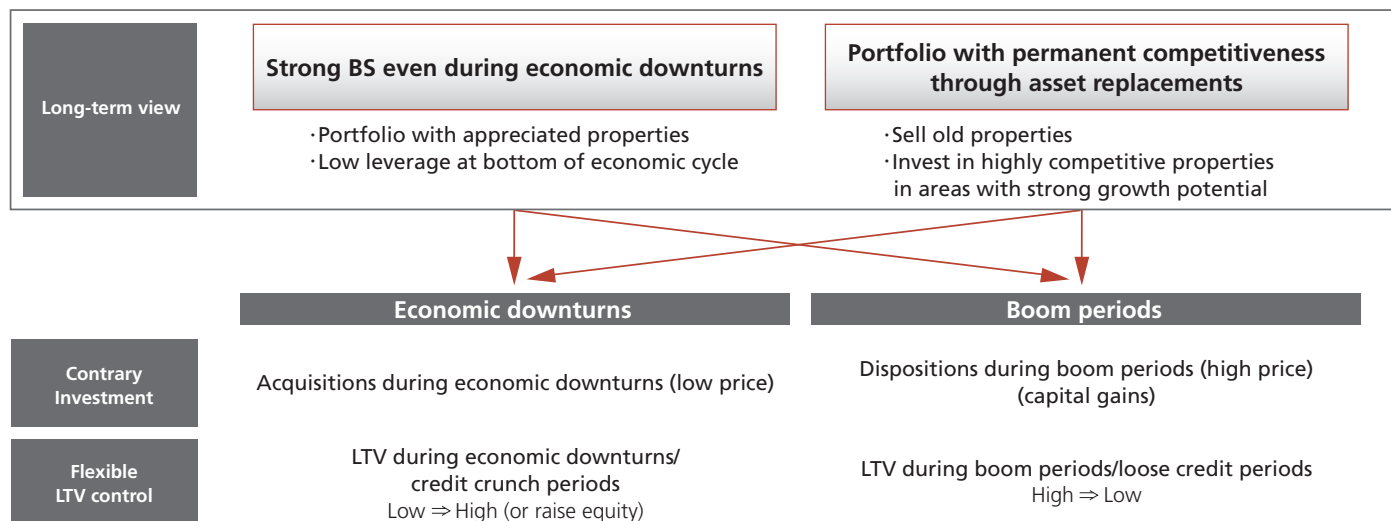

Value Investment

An approach of investing into properties that are undervalued against the respective benchmarks. TOKYU REIT aims to secure high yield (total return) by acquiring properties that appear to be undervalued in terms of their appraisal values, NOI (net operating income) and other indicators.

Contrary Investment

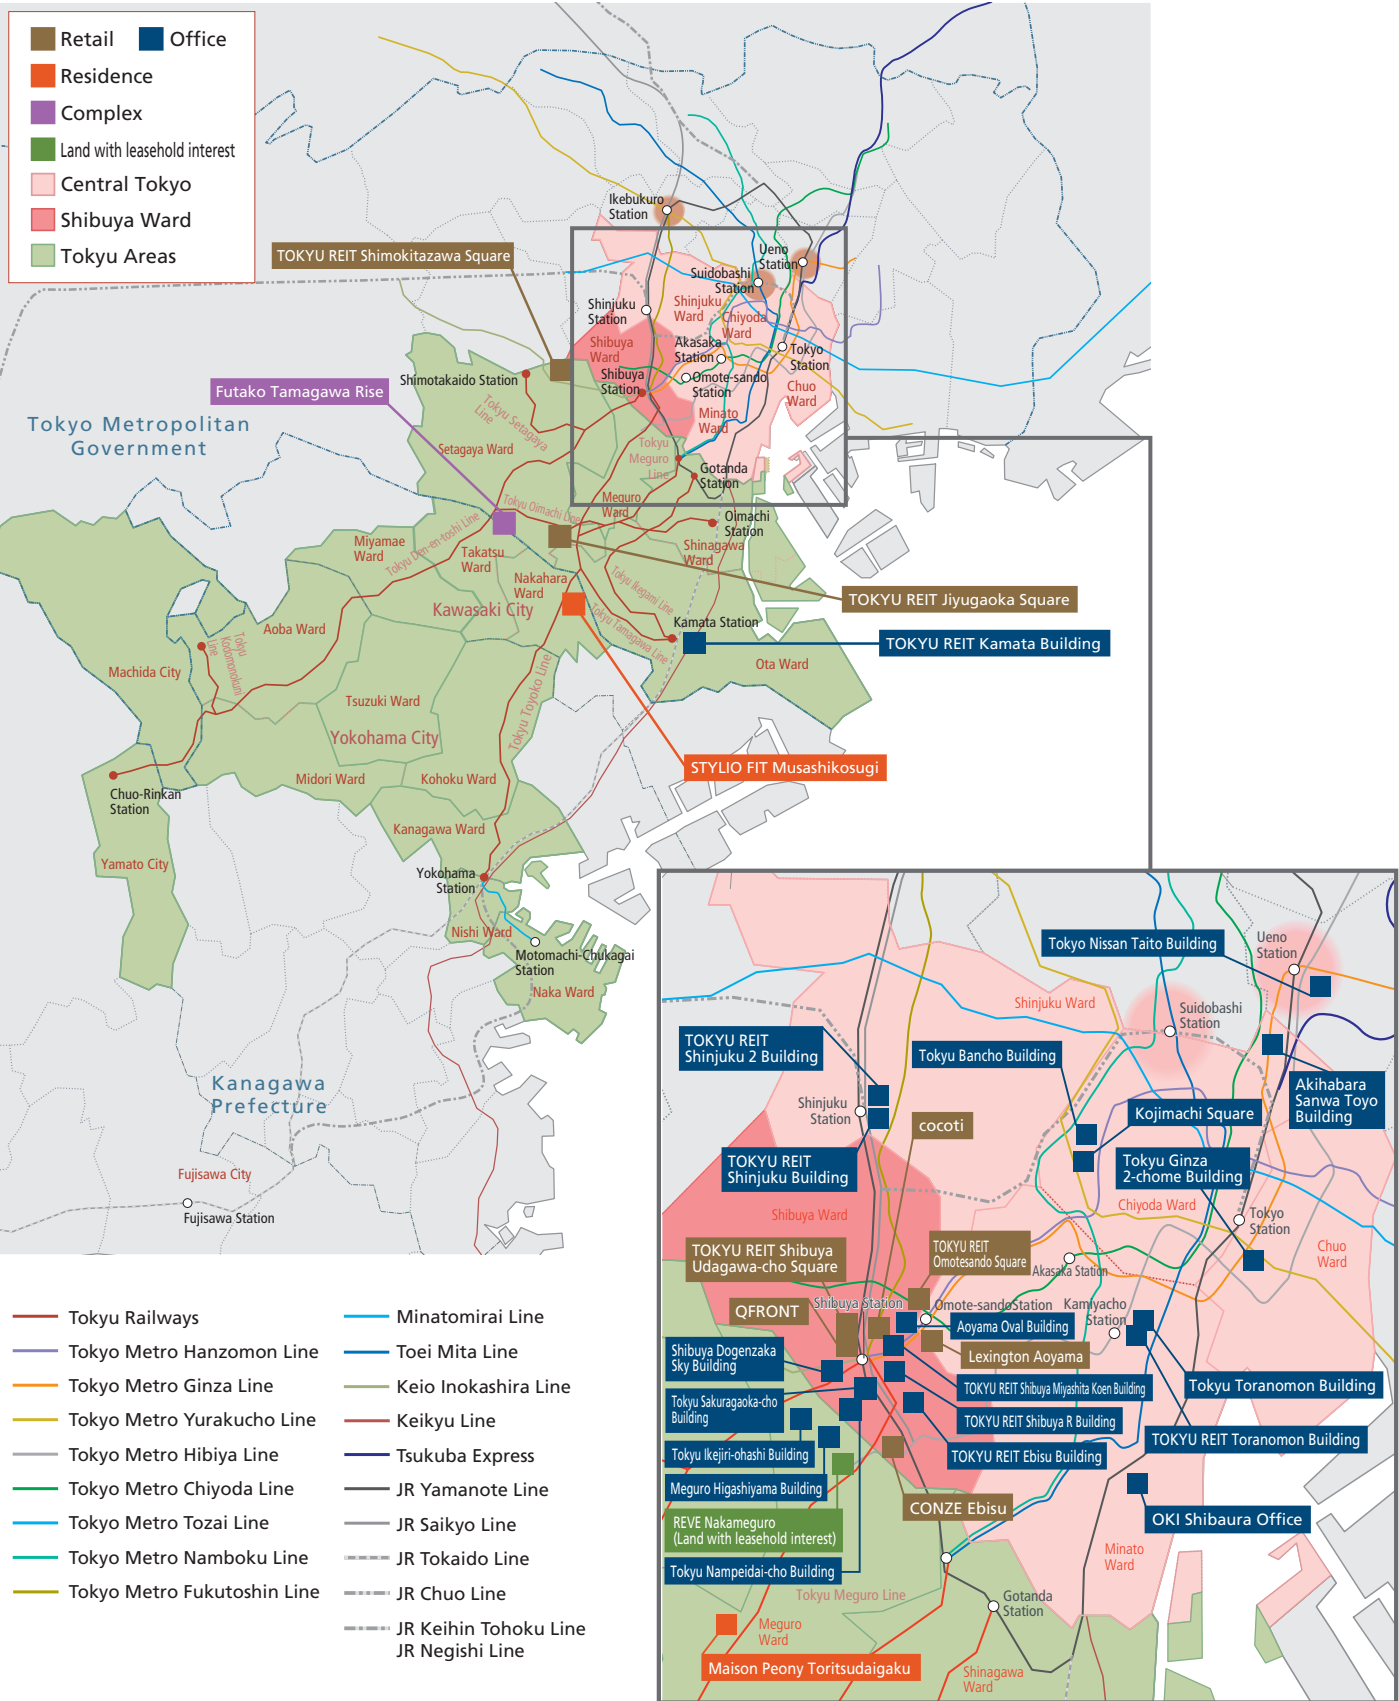

An approach of investing in the phase when prices are falling. TOKYU REIT aims to acquire properties when they are priced low and sell them when they are priced high, thereby recouping the investment.

Financial Strategies

TOKYU REIT's Financial Strategies

Debt management strong against credit crises

With its financial strategies based on stability, flexibility and efficiency, **TOKYU REIT** strives to maximize unitholder value by reducing capital costs as well as fostering external growth with minimal expenditures.

(Note) An acronym for Loan to Value (LTV). The proportion of liabilities including bonds, debt financing and other interest-bearing liabilities to total asset value. This formula derives the liability level to the acquired property's value. Low LTV (namely, less liabilities or high-valued properties) is considered as high level of financial soundness.

Debt

Total Interest-Bearing Debt	¥93.0 billion
Long-Term Fixed-Rate Ratio	100.0%
Avg. Duration	4.69 years
Commitment Line	¥18.0 billion ^(Note)

(Note) The execution of the commitment line agreement allows us to undergo debt financing at any given time up to the designated amount. To this end, a flexible and efficient fund procurement system has been assured. Moreover, there is no outstanding debt under the commitment line agreement as of July 31, 2022.

Ratings

Japan Credit Rating Agency, Ltd. (JCR)	Long-term Issuer Rating	AA- (Outlook: Stable)
Rating and Investment Information, Inc. (R&I)	Issuer Rating	A+ (Rating Outlook: Stable)

Changes in LTV

TOKYU REIT controls its LTV in a conservative manner in order to secure financial soundness.

■ LTV based on total assets at the end of period = Balance of period-end interest-bearing debt / Period end total assets

■ LTV based on appraisal value = (Balance of interest-bearing debt at the end of period + Balance of securities deposit without reserved cash at the end of period) / (Appraisal value at the end of period)

LTV based on appraisal value is calculated by using appraisal value, and thus increases or decreases if appraisal value at the end of period decreases or increases.

Diversification of Repayment and Redemption Dates of Interest-Bearing Debts

In addition, **TOKYU REIT** works to diversify repayment dates for its debt financing in order to avoid the risk of large-scale refinancing within a short period of time.

Data of the Fiscal Period ended July 2022 (FP 38)

In the acquisition of investment properties, TOKYU REIT considers a variety of factors, including a comprehensive analysis of forecasted revenue stream, growth potential of the area, property size, construction and facility specifications, earthquake resistance, leasing rights, occupancy and appeal to tenants, property management, the environment and foundation quality, and the property's competitiveness.

Portfolio	<ul style="list-style-type: none"> ● 29 out of 31 properties comply with the new earthquake resistance standards (One remaining property is land with leasehold interest only) 	<ul style="list-style-type: none"> ● Portfolio PML: 3.4% ● Although the merit of geographical diversification in terms of earthquake risks is small, the value of the portfolio PML is kept at a fairly low level as individual properties have high earthquake resistant ratings.

(Note) The new earthquake resistance standards are the earthquake resistant design standards based on the Building Standards Act, which was revised in 1981 with the aim to prevent buildings from collapsing even from earthquakes with seismic intensity of six and secure safety for human lives. Buildings that obtained building confirmation in June 1981 and after are understood to satisfy the new earthquake resistance standards. In fact, there were almost no reports of collapsing of buildings that were designed in accordance with the new earthquake resistance standards from the Great Hanshin Earthquake in 1995 and the Great East Japan Earthquake in 2011, in which a seismic intensity of seven was actually observed.

(2) Development of Asset Investment Management during the Current Period

① Investment Environment

During the fiscal period under review (38th fiscal period: six-month period ended July 31, 2022), the Japanese economy was picking up moderately despite supply-side constraints and the impact of rising prices on households and companies.

Specifically, in the Tokyo metropolitan area's economy, while supermarkets and home appliance stores had less sales turnover than the previous year, department stores and convenience stores had greater sales turnover than the previous year, and accommodation and restaurant services were picking up. These factors, among other factors, showed that consumer spending was picking up moderately overall. The employment situation was picking up, as evidenced by the active job openings-to-applicants ratio rising and new job openings increasing, not to mention the unemployment rate improving overall.

Population movements saw a net immigration of over 80,000 people into the Tokyo metropolitan area from other regions of the country during the period from January 2022 to June 2022 (Source: "Report on Internal Migration in Japan Derived from the Basic Resident Registration" (Statistics Bureau, Ministry of Internal Affairs and Communications)). This has further exacerbated the disparity between the Tokyo metropolitan area and other regions of the country.

Under these circumstances, in Tokyo's 23 wards' office market, the vacancy rate was rising moderately. While there were large vacancies arising from the consolidation of offices due to companies reviewing their office strategies on the one hand, with vacancies also being filled through either increasing floor areas or relocations to properties with greater floor areas on the other hand, the rise in the vacancy rate was seen to be stalling somewhat. There was progress in rent adjustments, mainly at buildings with prolonged leasing activities for the large volume of supply slated for 2023, leading to the five central Tokyo wards' average rent continuing to trend downward.

In the retail property leasing market, many shopping centers were showing increased sales due to consumer sentiment recovering with the increase in people going out as the state of COVID-19 infection was seen to be settling down. In terms of shopping centers at tourist destinations, the increase in school trips as well as elderly groups and other tourists also contributed to the sales recovery trend. Retail sales were picking up moderately on the back of

high spending, mainly by high-net-worth individuals, but daily necessities were subject to one after another price hike, causing consumer sentiment to weaken.

In the real estate trading market, office investment is leading the market, with the transaction amount remaining high, almost as high as the past peak level. The volume of transactions has been on a recovery trend since the fourth quarter of 2020, but remains below pre-pandemic levels.

The expected cap rate has fallen to a record low due to real estate investors maintaining an active investment stance for prime properties in Japan on the back of the Bank of Japan's policy to keep up monetary easing measures.

② Investment Performance Results

a. Acquisition and Sale of Properties and Investment Management Control

TOKYU REIT engaged in investment activities by adopting a basic policy based on the stance of "investment in highly competitive properties in areas with strong growth potential" as it has to date, and additionally pursuant to its "Long-Term Investment Management Strategy (Surf Plan)" (see Note below) that was formed by applying the investment management experience that it has gained since its listing.

During the 38th fiscal period, TOKYU REIT sold 30% co-ownership interest in OKI System Center (land with leasehold interest) on February 25, 2022. TOKYU REIT also acquired Meguro Higashiyama Building on March 24, 2022, and then sold Akasaka 4-chome Building (Tokyu Agency Inc. Head Office Building) on March 31, 2022. In addition, TOKYU REIT entered into a sale and purchase agreement on September 14, 2022, for acquisition of co-ownership interest in Futako Tamagawa Rise. The acquisition is scheduled for January 31, 2023. In addition, the disposition of Tokyu Ginza 2-chome Building was decided on October 28, 2022, and it is scheduled to be disposed on November 30, 2022.

As of July 31, 2022, TOKYU REIT held an investment portfolio totaling 31 properties with a total acquisition price of ¥232,451 million and total leasable area of 155,157.45 m². The period-end appraisal value for TOKYU REIT's entire portfolio amounted to ¥307,150 million.

As in the previous fiscal period, the total period-end appraisal value exceeded the total book value, resulting in an amount of difference of ¥89,429 million. Based on accounting principles generally accepted in Japan, such unrealized gains are not reflected in TOKYU REIT's financial statements.

The average per-tsubo rental rate for the existing property portfolio at the end of the 38th fiscal period increased by 0.8% compared with the end of the 37th fiscal period. In addition, the vacancy rate at the end of the 38th fiscal period increased from the 2.2% at the end of the 37th fiscal period by 6.6 percentage points to 8.8%.

Note. The "Long-Term Investment Management Strategy (Surf Plan)" is a strategy of TOKYU REIT formed by its investment management company Tokyu Real Estate Investment Management Inc. ("Tokyu REIM"). Under this strategy, while replacing properties through value investment and contrarian investment by focusing on the cyclicity of real estate prices, TOKYU REIT aims to build a portfolio that boasts lasting competitiveness and balance sheets that are strong against even difficult economic times.

b. Countering Conflicts of Interest

The fairness and transparency of transactions were ensured by strictly adhering to the Rules on Related-Party Transactions that are Tokyu REIM's self-imposed rules, and accordingly following prescribed procedures.

Moreover, TOKYU REIT has received an opinion report from Urban Research Institute Corporation stating that fees paid to related parties (see Note below) for property management services pertaining to its portfolio properties were within the range set by other J-REITs listed on the Tokyo Stock Exchange.

Note. "Related parties" refers to any entity that falls under the following (i) to (vii):

- (i) Tokyu Corporation
- (ii) A consolidated subsidiary of Tokyu Corporation
- (iii) A tokutei mokuteki kaisha (TMK) or special purpose entity (SPE) that was established based on the intention of Tokyu Corporation or a consolidated subsidiary of Tokyu Corporation and where the share of investment by silent partnerships or other investment shares in that entity by the respective company exceeds 50%
- (iv) Affiliates within the scope of consolidation of Tokyu Corporation
- (v) Tokyu Fudosan Holdings Corporation ("Tokyu Fudosan Holdings")
- (vi) A consolidated subsidiary of Tokyu Fudosan Holdings
- (vii) A tokutei mokuteki kaisha (TMK) or special purpose company (SPC) that was established based on the intention of Tokyu Fudosan Holdings or a consolidated subsidiary of Tokyu Fudosan Holdings and where the share of investment by silent partnerships or other investment shares in that entity by the respective company exceeds 50%

③ Financing

TOKYU REIT undertakes financing activities under a financial policy that emphasizes stability, flexibility and efficiency.

During the 38th fiscal period, to secure interest-bearing liabilities with fixed long-term interest rates and diversified repayment dates, long-term debt of ¥9,400 million due for repayment in the 38th fiscal period was refinanced in the amount of ¥8,000 million and repaid using cash on hand in the amount of ¥1,400 million.

TOKYU REIT has established commitment lines with four financial institutions, which provide credit facilities up to a total of ¥18,000 million, in order to secure financial credibility through the enhancement of liquidity on hand. Funds were procured through these credit facilities in the form of short-term debt in the amount of ¥2,000 million to fund part of the acquisition of the Meguro Higashiyama Building as well as the expenditures pertaining to the acquisition, the entire amount of which was repaid in the 38th fiscal period. The balance of interest-bearing liabilities as of the end of the 38th fiscal period was ¥93,000 million, consisting of ¥8,000 million in investment corporation bonds (of which, ¥3,000 million is the current portion of investment corporation bonds) and ¥85,000 million in long-term debt (of which, ¥7,200 million is the current portion of long-term debt). The weighted-average interest rate for the 38th fiscal period was 0.80% (calculated based on the annualized amount of interest payable for the 38th fiscal period divided by the total average balance of each interest-bearing liability).

TOKYU REIT's credit ratings as of the end of the 38th fiscal period were as follows:

Rating Agency	Credit Rating	
Japan Credit Rating Agency, Ltd. (JCR)	Long-term issuer rating: AA-	Outlook: Stable
Rating and Investment Information, Inc. (R&I)	Issuer rating: A+	Outlook: Stable

(3) Issuance of New Investment Units

There were no new investment units issued during the fiscal period under review, and there was no increase or decrease in the total number of units issued and outstanding or unitholders' capital. Issuance of new investment units until the end of the previous fiscal period is as follows:

(4) Distribution Information

In the 38th fiscal period, ¥423 million of the ¥1,452 million in capital gains from the disposition of the Akasaka 4-chome Building (Tokyu Agency Inc. Head Office Building) on March 31, 2022, was retained in reserve for reduction entry pursuant to the special provisions for taxation in the case of replacement by purchase of specified assets (Article 65-7 of the Special Taxation Measures Law). Consequently, with respect to the distribution, TOKYU REIT decided to distribute unappropriated retained earnings, less the concerned reserve for reduction entry, in the entire amount (except for the rounding amount, which is the distribution per unit of less than ¥1) for application of Article 67-15 of the Special Taxation Measures Law that allows TOKYU REIT to deduct the maximum amount of profit distribution from its taxable income. Accordingly, the distribution per unit for the 38th fiscal period was ¥4,005.

(5) Future Policies of Investment Management

① Forecast of Future Movement

The economic outlook is that the economy is expected to pick up due in part to the effects of various measures and policies for progressing the normalization of economic and social activities while taking all possible measures against COVID-19. However, the downside risks from financial and capital market volatility amid global monetary tightening, rising raw material prices and supply-side constraints require due attention.

In light of such an outlook, in the real estate leasing market, the shrinking office demand from teleworking becoming commonplace and a large volume of building construction in the five central Tokyo wards expected to be completed in 2023 lead to the forecast of an adjustment phase for the office market.

In the real estate trading market, despite concerns over risks of prices rising, investors maintain an active stance overall on the back of the depreciation of the yen, overseas interest rate hikes and other factors. However, the forecast is that the volume of transactions will continue to trend downward, as it would be difficult to secure returns in the Tokyo area with it remaining in the high price range.

② Future Policies of Investment Management and Issues to be Countered

Adopting a basic policy of “investment in highly competitive properties in areas with strong growth potential,” TOKYU REIT engages in investment by placing Central Tokyo and Tokyu Areas (see Note 1 below) as focused investment target areas and setting certain criteria for location, use, investment size, etc. In addition, in the selection of individual properties, TOKYU REIT conducts a comprehensive consideration of the expected earnings of the property, future potential of the area it is located in, etc. In this manner, TOKYU REIT will keep obtaining a balanced mix of competitive, high-quality properties from the real estate investment market as well as Tokyu Corporation and its subsidiaries (see Note 2 below).

Note 1. “Central Tokyo” is the five central Tokyo wards (Chiyoda, Chuo, Minato, Shinjuku and Shibuya wards) and other major commercial and retail districts of Tokyo (the areas surrounding Ikebukuro, Koraku, Ueno and other areas).

“Tokyu Areas” is the Tokyu rail network hub (Shibuya ward) and other Tokyu rail network areas (Tokyo (Shinagawa, Meguro, Setagaya and Ota wards, and Machida city); Yokohama city, Kanagawa prefecture (Kohoku, Kanagawa, Naka, Nishi, Midori, Aoba and Tsuzuki wards); Kawasaki city, Kanagawa prefecture (Nakahara, Takatsu and Miyamae wards); and Yamato city, Kanagawa prefecture).

Shibuya ward is included in both Central Tokyo and Tokyu Areas.

“Other” is other districts in the Tokyo Metropolitan Area, including Kanagawa, Saitama and Chiba prefectures (excluding the separately mentioned areas above).

The same applies hereafter.

Note 2. Tokyu Corporation and its subsidiaries refer to any of (i) to (iii) below:

(i) Tokyu Corporation

(ii) A consolidated subsidiary of Tokyu Corporation

(iii) A tokutei mokuteki kaisha (TMK) or special purpose entity (SPE) that was established based on the intention of Tokyu Corporation or a consolidated subsidiary of Tokyu Corporation and where the share of investment by silent partnerships or other investment shares in that entity by the respective company exceeds 50%

TOKYU REIT will endeavor to achieve internal growth by enhancing earnings stability and growth potential through collaboration with Tokyu Corporation and its subsidiaries in property maintenance and management aspects. To that end, by maintaining a careful watch on corporate earnings and consumption trends, TOKYU REIT will make every effort to manage facilities in a way that makes each property the choice of corporate tenants and visitors over the medium to long term. Specifically, with the objective of maintaining and raising rent levels, TOKYU REIT will make strategic and appropriate renovations commensurate with the grade of the properties being improved and implement leasing activities from a medium to long term perspective. TOKYU REIT will also implement appropriate cost control measures with regard to maintenance fees and additional capital expenditures.

The investment environment assessment at the end of the 38th fiscal period was that the price of real estate in the Tokyo Metropolitan Area continues to hover at a high level despite the uncertain state of the real estate trading market, and thus in the “sales and replacement phase” of the “Long-Term Investment Management Strategy (Surf Plan).” Within the Tokyo Metropolitan Area, expectations are for the price of real estate in Shibuya and Tokyu Areas to rise as development of the Greater Shibuya Area (within a 2.5 km radius of Shibuya Station) and Tokyu Areas will continue following the development of the area surrounding Shibuya Station by Tokyu Corporation, the sponsor. These lead to increase in unrealized gains of the portfolio properties of TOKYU REIT, which places Central Tokyo and Tokyu Areas as focused investment target areas.

Based on the environment described above, TOKYU REIT will conduct property replacement after taking into consideration the portfolio properties’ total return (see Note 3 below), property age, location, etc., as well as consider the acquisition and retirement of treasury investment units by using surplus funds that accrue from property replacement, in line with the “Long-Term Investment Management Strategy (Surf Plan)” and “Capital Re-investment Model.”

Note 3. Portfolio properties’ total return is composed of income return (rental revenues, etc.) of each fiscal period and future capital return (gains on sales).

Furthermore, to assure transparency, Tokyu REIM will improve external audit functions and disclosure activities so as to fulfill its responsibilities as a REIT fund manager operating according to global standards.

In March 2022, Tokyu REIM established a Sustainability Policy, and also installed a Sustainability Promotion Committee as part of its efforts to develop a system to continuously and systematically promote and discuss company-wide sustainability initiatives. In addition, in August 2022, Tokyu REIM expressed its support for the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD). TOKYU REIT will work together with Tokyu REIM to promote initiatives that advance contributions to realize a sustainable society, while aiming to enhance portfolio value and maximize unitholder value.

(6) Subsequent Events

The following events occurred after the end of the 38th fiscal period of TOKYU REIT.

① Disposition of Assets

Sale and purchase agreement for disposition of the following asset was executed on October 28, 2022.

(i) Type of asset:	Trust beneficiary interest in domestic real estate
(ii) Property name:	Tokyu Ginza 2-chome Building
(iii) Disposition price (Note):	¥8,970 million
(iv) Contract date:	October 28, 2022
(v) Disposition date:	November 30, 2022
(vi) Purchaser:	KR Ginza TMK
(vii) Posting of gain on sale of real estate and reserve for reduction entry:	Gain on sale of real estate of ¥4,586 million and provision of reserve for reduction entry under special provisions for property replacement of ¥2,958 million are expected to be posted in the six months ending January 31, 2023 (39th fiscal period).

Note. 'Disposition price' is the amount exclusive of the expenses required for disposition of the asset (property-related taxes, etc.).

② Acquisition of Asset

The following acquisition of assets were decided on September 14, 2022. The acquisition take place on January 31, 2023.

(i) Type of asset:	Domestic real estate
(ii) Property name:	Futako Tamagawa Rise
(iii) Acquisition price (Note 1):	¥20,200 million
(iv) Contract date:	September 14, 2022
(v) Acquisition date:	January 31, 2023
(vi) Seller:	TOKYU LAND CORPORATION
(vii) Financing:	Debt financing and cash on hand

Note 1. 'Acquisition price' is the amount exclusive of the expenses required for acquisition of the asset (property-related taxes, etc.).

Note 2. The purchase and sale agreement concerning the Acquisition falls within forward commitments, etc. by investment corporations as defined in the Comprehensive Guidelines for Supervision of Financial Instruments Business Operators, Etc. set forth by the Financial Services Agency. The overview of the provisions regarding the penalty stipulated in the purchase and sale agreement for the Transaction is as follows.

When either party violates the agreed matters (including but not limited to provisions of representations and warranties.) stipulated in the purchase and sale agreement for the Transaction and such violation results in failure of achieving the purpose of the said purchase and sale agreement, the counterparty may cancel the said purchase and sale agreement before the completion of the Transaction. If such violation is due to reasons attributable to the violating party, the counterparty with a right to cancel the agreement may demand that the violating party pay a penalty in the amount equivalent to 5% of the purchase/sales price in the said purchase and sale agreement within 30 days of the cancellation of said purchase and sale agreement.

TOKYU REIT plans to allocate borrowings and cash on hand to the acquisition funds of the Property. However, as of the date of this document, it is believed that there are no concerns over the acquisition of the Property and that there will be no material impact on the financial status, etc. even if a penalty will be paid, in light of the cash and deposits held by TOKYU REIT, cash flow of TOKYU REIT and the credit limit for the commitment line agreement which has already been arranged. Therefore, TOKYU REIT believes that the acquisition of the Property is unlikely

to have a material impact on its financial status and payment of distribution, etc.

Special items	<p>7. Regardless of 6 above, the seller and Tokyu Corporation, which is one of the co-owners, are taking corrective actions due to the malfunction of some fire protection facilities (sprinkler) installed at the building, but the procurement of the parts necessary for the correction is unforeseeable due to a lack of parts on a global scale, and it is uncertain whether said correction will be completed by the time of acquisition by TOKYU REIT, but the correction is scheduled to be carried out at the responsibility and burden of them as soon as the parts are delivered.</p> <p>8. Of the wall between the compartments under compartmentalized ownership pertaining to acquisition and the adjacent compartment, approval for implementing restoration work for part of the removed wall has been obtained from the tenant and the owner of the adjacent compartment, and an agreement has been reached with the seller to complete the work by August 31, 2023. However, if the seller cannot complete the reconstruction work of the sectionally owned wall by said deadline due to natural disasters or other force majeure, lack of materials on a global scale or other inevitable reasons (however, reasons attributable or related to tenants leasing said compartment are excluded), the seller can apply for the extension of the deadline after reporting the reason in writing in advance, and if an agreement on corrective measures is reached with TOKYU REIT (however, TOKYU REIT shall not unreasonably obstruct the agreement), the reconstruction work of the sectionally owned wall shall be completed within a reasonable period recognized by TOKYU REIT. By assuming the above, TOKYU REIT judges that there will be no operational issues in relation to said work. In addition, if there are issues such as complaints, such issues shall be handled at the responsibility and cost of the seller. Furthermore, if the seller violates the obligations related to said wall based on a reason attributable to it, the seller shall compensate for the causally related damage to TOKYU REIT caused by such violation without delay.</p> <p>9. A compartmentalized land surface right has been established for part of the land in Block II-a. Tokyo Metropolitan Government holds the land surface right for the purpose of sewer pipe installation and for the duration of the sewer pipes' existence. Any land rent in connection with said right will not be charged.</p> <p>10. According to the flood hazard map, part of the Property is located in an anticipated inundation area where a maximum flood of 10-20 meters is assumed to occur.</p> <p>11. TOKYU REIT plans to lease the exclusively owned portion, which is shared with some co-owners of Block I-b and Block II-a, together with Tokyu Corporation (as a result, TOKYU REIT will pay lease deposits for Block II-a) and sublease said portion to tenants.</p> <p>12. In Block II-a and Block III, TOKYU REIT is using the space above the road as a pedestrian bridge after obtaining permission for occupancy of roads from Setagaya City.</p>
---------------	--

Note 1. As for the land indicated in the column of Block III (Plaza Mall), site rights have also been registered for buildings other than the building to be acquired by TOKYU REIT.

Note 2. The four buildings whose co-ownership interests in compartmentalized ownership are scheduled to be acquired by TOKYU REIT are recognized as four buildings also in the register and the Building Standards Act. The building name (exclusive area) is indicated only for the sections that are scheduled to be acquired.

Note 3. The description on Block I-b is shown. The figure is calculated based on it taking one minute to walk a road distance of 80 meters pursuant to the Fair Competition Codes Regarding the Description of Real Estate.

Note 4. The land portion of Oak Mall is included in the land area of Block I-b.
The land area of Block III (Plaza Mall) is the figure calculated by multiplying the entire land area in Block III (25,180.97 m²) by 94,273/8,006,098, which is the percentage of site rights for Plaza Mall.

Note 5. The ownership interest to be acquired is the estimated figure calculated based on the percentage of exclusive area.

The building portion of Oak Mall is included in the entire building area of Block I-b.

For Block III (Plaza Mall), the common element of the housing complex in the entire area of Block III is also shared separately.

Note 6. The ownership is indicated based on the display in the register. For the wall between part of the compartments under compartmentalized ownership pertaining to acquisition and the adjacent

- compartment, please refer to “Special Items 8.”
- Note 7. ‘Total number of tenants’ is as at the end of July 2022.
- Note 8. ‘Acquisition price’ is the amount exclusive of the expenses required for acquisition of the asset (property-related taxes, etc.).

- Note 1. The properties listed above except for TOKYU REIT Shibuya Udagawa-cho Square, CONZE Ebisu, TOKYU REIT Shimokitazawa Square, TOKYU REIT Toranomon Building, TOKYU REIT Shinjuku Building, Tokyu Ginza 2-chome Building, TOKYU REIT Shibuya R Building, Tokyu Toranomon Building, TOKYU REIT Shinjuku 2 Building, TOKYU REIT Shibuya Miyashita Koen Building, Meguro Higashiyama Building, Maison Peony Toritsudaigaku, STYLIO FIT Musashikosugi and REVE Nakameguro (land with leasehold interest) (total of 17 properties) are all owned in the form of trust beneficiary interest in real estate.
- Note 2. 'Total leasable area' is the total area of the building's, facility's and land's leasable office, retail, warehouse, residential and land space as indicated in the agreements and drawings (common-use portion is included when leased). For Tokyu Nampeidai-cho Building, the area of parking lots is included. For QFRONT, the area of other compartmentalized owners' exclusive ownership portions is included since the fiduciary rents that area and leases it out as a block together with the entrusted property. For TOKYU REIT Toranomon Building, the area of the exclusive ownership portions co-owned with other compartmentalized owners is included since TOKYU REIT rents that area and leases it out together with the exclusive ownership portion under TOKYU REIT's proprietary ownership. For TOKYU REIT Shibuya R Building, the area of part of the exclusive ownership portions under the proprietary ownership of and the exclusive ownership portions co-owned with other compartmentalized owners is included since TOKYU REIT rents that area and leases it out together with the exclusive ownership portion under TOKYU REIT's proprietary ownership. For REVE Nakameguro (land with leasehold interest), the stated figure is the leased area of land. For Tokyu Bancho Building, the stated figure is calculated by multiplying the total leasable area of the whole building by the 52.6% quasi-co-ownership interest of the 95.1% compartmentalized ownership interest of the trust beneficiary interest. For Aoyama Oval Building, the part of the exclusive ownership portions co-owned with other compartmentalized owners is included since the fiduciary rents that area and leases it out together with the exclusive ownership portion under the fiduciary's proprietary ownership; and the stated figure is calculated by multiplying the total leased area of the whole building by the 47.5% quasi-co-ownership interest of the trust beneficiary interest.
- Note 3. 'Leased area' is the area out of the total leasable area that is actually under lease agreements and leased (the area as indicated in the agreements; does not include lease agreements for parking lots, side signboards, etc.). For Tokyu Nampeidai-cho Building, the area of parking lots is included. For QFRONT, the area of other compartmentalized owners' exclusive ownership portions is included since the fiduciary rents that area and leases it out as a block together with the entrusted property. For TOKYU REIT Toranomon Building, the area of the exclusive ownership portions co-owned with other compartmentalized owners is included since TOKYU REIT rents that area and leases it out together with the exclusive ownership portion under TOKYU REIT's proprietary ownership. For TOKYU REIT Shibuya R Building, the part of the exclusive ownership portions under the proprietary ownership of and the exclusive ownership portions co-owned with other compartmentalized owners is included since TOKYU REIT rents that area and leases it out together with the exclusive ownership portion under TOKYU REIT's proprietary ownership. For REVE Nakameguro (land with leasehold interest), the stated figure is the leased area of land. For Tokyu Bancho Building, the stated figure is calculated by multiplying the total leased area of the whole building by the 52.6% quasi-co-ownership interest of the 95.1% compartmentalized ownership interest of the trust beneficiary interest. For Aoyama Oval Building, the part of the exclusive ownership portions co-owned with other compartmentalized owners is included since the fiduciary rents that area and leases it out together with the exclusive ownership portion under the fiduciary's proprietary ownership; and the stated figure is calculated by multiplying the total leased area of the whole building by the 47.5% quasi-co-ownership interest of the trust beneficiary interest.
- Note 4. 'Occupancy rate' is the leased area expressed as a percentage of total leasable area at the end of the period.
- Note 5. 'Occupancy rate' and '(Book value) As a percentage of revenue from property leasing' are rounded to one decimal place. Therefore, the sum total of the items may not necessarily correspond to the 'Total' figure.
- Note 6. The name of OKI Business Center No.5 was changed to OKI Shibaura Office on May 1, 2022 (the same hereafter).

Note 1. 'Location (lot number)' is stated as based on the description shown in the registry book. The present status of the property might not correspond to the descriptions in the registry book.

Note 2. 'Total leasable area' is the total area of the building's, facility's and land's leasable office, retail, warehouse, residential and land space as indicated in the agreements and drawing (common-use portion is included when leased). For Tokyu Nampeidai-cho Building, the area of parking lots is included. For QFRONT, the area of other compartmentalized owners' exclusive ownership portions is included since the fiduciary rents that area and leases it out as a block together with the entrusted property. For TOKYU REIT Toranomom Building, the area of the exclusive ownership portions co-owned with other compartmentalized owners is included since TOKYU REIT rents that area and leases it out together with the exclusive ownership portion under TOKYU REIT's proprietary ownership. For TOKYU REIT Shibuya R Building, the area of part of the exclusive ownership portions under the proprietary ownership of and the exclusive ownership portions co-owned with other compartmentalized owners is included since TOKYU REIT rents that area and leases it out together with the exclusive ownership portion under TOKYU REIT's proprietary ownership. For REVE Nakameguro (land with leasehold interest), the stated figure is the leased area of land. For Tokyu Bancho Building, the stated figure is calculated by multiplying the total leasable area of the whole building by the 52.6% quasi-co-ownership interest of the 95.1% compartmentalized ownership interest of the trust beneficiary interest. For Aoyama Oval Building, the part of the exclusive ownership portions co-owned with other compartmentalized owners is included since the fiduciary rents that area and leases it out together with the exclusive ownership portion under the fiduciary's proprietary ownership; and the stated figure is calculated by multiplying the total leased area of the whole building by the 47.5% quasi-co-ownership interest of the trust beneficiary interest.

Note 3. For 'Appraisal value at end of period,' TOKYU REIT indicates the assessed value based on the appraisal by real estate appraisers following the asset evaluation method, standards and reporting date laid down in TOKYU REIT's Articles of Incorporation and rules of The Investment Trusts Association, Japan (based on real estate appraisal reports prepared by Japan Real Estate Institute, Japan Valuers Co., Ltd., and Daiwa Real Estate Appraisal Co., Ltd., which adopt the period end date as the date of value estimate).

Note 1. 'Number of tenants' is counted cumulatively, i.e., when one tenant leases plural rooms for rent in the same property, it is regarded as one tenant, and when in plural properties, it is regarded as plural tenants. For QFRONT, the number of tenants includes one tenant (Tokyu Corporation) leasing space on the facade of the building for installing a large LED display screen, etc. and posting signboards, among other purposes. For Tokyo Nissan Taito Building and Maison Peony Toritsudaigaku, the number of tenants includes residential tenants. For STYLIO FIT Musashikosugi, the number of tenants is the number of lessees under the master lease agreement.

Note 2. 'Occupancy rate' is the leased area expressed as a percentage of total leasable area at the end of the period.

Note 3. 'Occupancy rate' and '(Revenue from property leasing) As a percentage of revenue from property leasing' are rounded to one decimal place. Therefore, the sum total of the items may not necessarily correspond to the 'Total' figure.

(4) Other Assets

As of July 31, 2022, there are no assets targeted for investment other than those described above.

(5) Assets Held in Each Country and Region

TOKYU REIT does not invest in overseas properties.

4. Capital Expenditures for Properties Held

(1) Plan of Capital Expenditures

The following lists the estimated amounts of major capital expenditures for repair and maintenance work of properties held, as scheduled as of July 31, 2022. The estimated construction costs shown below include those recorded in expenses for accounting purposes.

Repairs and maintenance and capital expenditures will be conducted based on efficient repair and maintenance plans prepared for each property to maintain and improve their competitiveness from a medium to long term perspective.

Independent Auditor's Report

To the Board of TOKYU REIT, Inc.

Opinion

We have audited the financial statements of TOKYU REIT, Inc. (the Company), which comprise the balance sheet as at July 31, 2022, and the statement of income, statement of changes in unitholders' equity, statement of cash distributions and statement of cash flows for the six months then ended, notes to financial statements and supplementary schedules.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at July 31, 2022, and its financial performance and its cash flows for the six months then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information comprises the information included in the Semiannual Report, but does not include the financial statements and our auditor's report thereon. Management is responsible for the other information. In addition, Supervisory Directors are responsible for overseeing the Company's reporting process of the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Supervisory Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

PricewaterhouseCoopers Aarata LLC
Otemachi Park Building, 1-1-1 Otemachi, Chiyoda-ku, Tokyo 100-0004, Japan
T: +81 (3) 6212 6800, F: +81 (3) 6212 6801, www.pwc.com/jp/assurance

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern and disclosing, as applicable, matters related to going concern.

Supervisory Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in Japan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the purpose of the financial statement audit is not to express an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate whether the presentation and disclosures of the financial statements are in accordance with accounting principles generally accepted in Japan, the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Executive Director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Executive Director with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Notes to Financial Statements
For the six months ended July 31, 2022 and January 31, 2022

1. Organization and basis of presentation

(a) Organization

TOKYU REIT, Inc. (“TOKYU REIT”), a real estate investment corporation with initial capital of ¥200 million, was formed on June 20, 2003 under the Investment Trust and Investment Corporation Law of Japan (“Investment Trust Law”). Registration with the Kanto Local Finance Bureau of the Ministry of Finance was completed on July 18, 2003 in accordance with the Investment Trust Law.

On September 10, 2003, TOKYU REIT was listed on the Tokyo Stock Exchange and issued 97,600 investment units for proceeds totaling ¥49,917 million through initial public offering. TOKYU REIT acquired 11 properties with those proceeds and started its substantial operation.

In August 2004, TOKYU REIT completed its second public offering of 42,000 units and third party allotment of 2,000 units. Net proceeds totaling ¥27,742 million were utilized in the partial repayments of short-term debt and the acquisition of an additional two properties.

In August 2005, TOKYU REIT completed its third public offering of 26,700 units and third party allotment of 680 units. With net proceeds totaling ¥20,159 million, TOKYU REIT repaid short-term debt and acquired 40% of trust beneficiary interest of cocoti.

TOKYU REIT completed its fourth public offering of 23,764 units in August 2013 and third party allotment of 2,376 units in September 2013. Net proceeds totaling ¥12,459 million were utilized in the partial repayments of short-term debt and the acquisition of an additional three properties.

TOKYU REIT conducted a five-for-one split of investment units with January 31, 2014 as the reference date and February 1, 2014 as the effective date.

As of July 31, 2022, TOKYU REIT’s total capital is ¥110,479 million with 977,600 units issued and outstanding. TOKYU REIT has been operating 31 properties at an occupancy rate of approximately 91.2%. Total acquisition cost of the 31 properties is ¥232,451 million and total rentable area is 155,157.45 m².

(b) Basis of presentation

The financial statements of TOKYU REIT, which is incorporated in Japan, have been prepared in accordance with the provisions set forth in the Financial Instruments and Exchange Law and related regulations and accounting principles generally accepted in Japan, which are different in certain respects to the application and disclosure requirements of International Financial Reporting Standards (“IFRS Standards”).

Certain items presented in the financial statements for domestic purposes, which were submitted to the Director-General of the Kanto Local Finance Bureau of the Ministry of Finance, have been reclassified in the accompanying financial statements for the convenience of readers outside Japan.

The accompanying financial statements have been reclassified and translated into English from the audited financial statements that were prepared for Japanese domestic purposes from the accounts and records maintained by TOKYU REIT and were filed with the Kanto Local Finance Bureau of the Ministry of Finance as required by the Financial Instruments and Exchange Law (in place of the Securities and Exchange Law effective from September 30, 2007). TOKYU REIT does not prepare consolidated financial statements, as TOKYU REIT has no subsidiaries.

TOKYU REIT’s first fiscal period began on June 20, 2003, the date of incorporation, and ended on January 31, 2004. TOKYU REIT’s fiscal period is a six-month period, which ends at the end of January and July of each year.

2. Significant accounting policies

- (a) **Property and equipment** - Property and equipment are carried at cost, less accumulated depreciation. Depreciation of property and equipment, except for land and construction in progress, is computed by using the straight-line method at rates based on the estimated useful lives of the respective assets.

The ranges of useful lives used in the computation of depreciation are generally as follows (including those held in trust):

	July 31, 2022	January 31, 2022
	(years)	
Buildings and structures		
Buildings	2-50	2-50
Structures	2-50	2-52
Other tangible assets		
Machinery and equipment	2-16	2-17
Tools, furniture and fixtures	2-15	2-15

- (b) **Intangible assets** - Amortization is computed by using the straight-line method.
- (c) **Accounting method for deferred assets** - Amortization of investment corporation bond issuance expenses is computed by using the straight-line method at rates based on the redemption period of the respective bonds.
- (d) **Revenue recognition** - TOKYU REIT operates rental office properties, rental retail properties, rental residential properties and complexes that include any one of these. Revenue from leasing is recognized on an accrual basis over the term of each lease. Rental revenue includes fixed rental revenues, recoveries of utility charges and other income.
The nature of the main performance obligations for revenue from contracts with customers of TOKYU REIT and the general timing that the concerned performance obligations are satisfied (general timing of revenue recognition) are as follows:
- (1) **Sales of real estate properties** - TOKYU REIT recognizes revenue from sales of real estate properties when buyers (customers) obtain control of the concerned real estate properties upon satisfying the delivery obligations under the real estate sale agreements.
- (2) **Recoveries of utility charges** - TOKYU REIT recognizes recoveries of utility charges in accordance with the supply of electricity, water, etc. to lessees (customers) based on the content of the lease agreements and incidental agreements for the real estate properties. For the recoveries of utility charges for which TOKYU REIT is deemed to act as agent, TOKYU REIT recognizes revenue as being the net amount of the amount receivable of the charges for the electricity, gas, etc. supplied by third parties after deducting the amount payable to the concerned third parties.
- (e) **Property-related taxes** - Property-related taxes (property tax, city planning tax and depreciable property tax) are imposed on property on a calendar year basis. The amount of such taxes assessed in the period is charged to income as rental service expenses. In accordance with Japanese business practice, at the time of disposal, the seller of the property is generally liable for property-related taxes on the property from the date of disposal to the end of the calendar year in which the property is disposed. The seller, however, is reimbursed by the purchaser of the property for the accrued property-related tax liabilities up to the time of disposal, and the amount of the settlement reflects this adjustment when acquiring a property. TOKYU REIT is allocating the portion of the property-related taxes related to the period following the purchase date of each property through the end of the calendar year. The amount of those allocated portions of the property-related taxes is capitalized as part of the acquisition costs of the related properties. Capitalized property-related taxes are ¥24,801 thousand for the six months ended July 31, 2022. Capitalized property-related taxes are ¥7,683 thousand for the six months ended January 31, 2022.

TOKYU REIT, Inc.
Notes to Financial Statements, continued
For the six months ended July 31, 2022 and January 31, 2022

- (f) **Cash and cash equivalents** - Cash and cash equivalents consist of cash, demand deposits, cash and deposits held in trust and short-term investments that are highly liquid, readily convertible to cash, have insignificant risk of price fluctuation and expire within three months from the date of acquisition.
- (g) **Accounting treatment of beneficiary interest in trust accounts, including real estate** - For trust beneficiary interests in real estate, which are commonly utilized in the ownership of commercial properties in Japan and through which TOKYU REIT holds most of its property, all accounts of assets and liabilities within the trust, as well as all income generated and expenses incurred from assets and liabilities in the trust, are recognized in the balance sheet and income statement accounts.
- (h) **Non-deductible consumption taxes** - Non-deductible consumption taxes related to fixed assets are recorded as long-term prepaid expenses and are amortized using the straight-line method over five years.
- (i) **Accounting standard for impairment of fixed assets** - Effective August 1, 2005, TOKYU REIT adopted the "Accounting Standard for Impairment of Fixed Assets" ("Opinion Concerning Establishment of Accounting Standard for Impairment of Fixed Assets" issued by the Business Accounting Deliberation Council in Japan on August 9, 2002) and "Implementation Guidance for the Accounting Standard for Impairment of Fixed Assets" ("Financial Accounting Standard Implementation Guidance No. 6" issued by the Accounting Standards Board of Japan (ASBJ) on October 31, 2003). The standard requires the recognition of an impairment loss on fixed assets whenever events or changes in circumstances indicate that the carrying amounts of fixed assets may not be recoverable.
- (j) **Accounting standard for asset retirement obligations** - Effective April 1, 2010, TOKYU REIT adopted the "Accounting Standard for Asset Retirement Obligations" (ASBJ Statement No. 18 issued on March 31, 2008) and "Guidance on Accounting Standard for Asset Retirement Obligations" (ASBJ Guidance No. 21 issued on March 31, 2008).

11. Fair value of financial instruments

(a) Matters concerning status of financial instruments

(1) Policy for handling financial instruments

TOKYU REIT procures funds for asset acquisition or debt repayment, etc. through additional issuance of investment units, debt financing or issuance of investment corporation bonds. In the procurement of funds, TOKYU REIT adopts the financial policy of seeking maximization of unitholder value based on ensuring stability, flexibility and efficiency and also through reduction of funding costs, external growth and keeping expenditures at a minimum.

Concerning the investment management of surplus funds, while the scope of investment includes securities and monetary claims, considering safety, in principle, TOKYU REIT manages surplus funds in the form of deposits.

While derivative transactions may possibly be utilized for the purpose of hedging interest rate fluctuation risks, etc., TOKYU REIT adopts the policy of not engaging in speculative transactions. At present, TOKYU REIT does not engage in any derivative transactions.

(2) Description of financial instruments and associated risks, and risk management structure

At TOKYU REIT, the appropriateness and effectiveness of the risk management structure is regularly evaluated and enhanced by the investment management company. The following outlines the description of individual financial instruments and the associated risks, and the risk management structure.

Deposits are exposed to risks of failure of the financial institution holding the deposit and other credit risks, but the concerned risks are controlled by striving to diversify the financial institutions holding the deposit.

Funds from debts and investment corporation bonds are mainly used as funds for asset acquisition or debt repayment, etc. These funds are exposed to liquidity risk at the time of repayment, but the liquidity risk is controlled at TOKYU REIT through such measures as striving to maintain and strengthen the capacity to procure funds from the capital market via capital increases, securing several fund procurement sources and diversifying repayment deadlines, executing commitment line agreements which provide credit facilities totaling ¥18,000 million with TOKYU REIT's main financial institutions, and also preparing monthly fund management plans.

Debt with floating interest rates are exposed to interest rate fluctuation risks, but the impact of rising interest rate on TOKYU REIT operations is limited by keeping the LTV based on appraisal value (Note) at low levels, maintaining the ratio of debt that are long-term fixed-rate debt at high levels, and setting a procurement limit depending on the economic environment and financial environment, terms of lease agreements with tenants, asset holding period and other factors. Furthermore, derivative transactions (interest rate swap transactions) are available as a hedging instrument to avoid risks of rises in floating interest rates and to promote fixed interest payable.

Tenant leasehold and security deposits are deposits from tenants and are exposed to liquidity risks arising from tenants moving out of properties. The liquidity risk is controlled through such measures as preparing monthly fund management plans.

(3) Supplementary explanation on matters concerning fair value of financial instruments

Certain assumptions are adopted in the calculation of the fair value of financial instruments and there may be cases where the value will vary when different assumptions are adopted.

(b) Matters concerning fair value of financial instruments

The following are the carrying amounts and fair value as of the end of the fiscal periods, and the differences between these amounts. Notes on “cash and deposits with banks” and “cash and deposits with banks held in trust” are omitted because these are settled within a short period of time and the fair value is thus approximately the same as the book value. Notes on “tenant receivables,” “accounts payable,” “tenant leasehold and security deposits” and “tenant leasehold and security deposits held in trust” are omitted because these accounts are immaterial.

Note 1. Method of calculation of fair value of financial instruments.

Liabilities

(1) Investment corporation bonds due within one year; (3) Investment corporation bonds

The fair value of investment corporation bonds is calculated by discounting the sum total amount of principal and interest by the rate that takes into account the investment corporation bonds’ remaining term and credit risks.

(2) Long-term debt due within one year; (4) Long-term debt

The fair value of long-term debt is calculated based on the method of discounting the sum total amount of principal and interest by the rate assumed as being applicable in the event of a new drawdown of a similar debt.

14. Fair value of investment and rental properties

TOKYU REIT owns rental office properties, rental retail properties, rental residential properties and complexes that include any one of these (including land) primarily in Central Tokyo and Tokyu Areas (Note 1). The following are the carrying amount at the end of the fiscal period, change during the fiscal period and fair value at the end of the fiscal period for these investment and rental properties.

	For the six months ended	
	July 31, 2022	January 31, 2022
	(Millions of yen)	
Carrying amount (Note 2)		
Balance at beginning of period	¥ 217,976	¥ 230,620
Change during the period (Note 3)	(256)	(12,643)
Balance at end of period	¥ 217,720	¥ 217,976
	(Millions of yen)	
	As of July 31, 2022	As of January 31, 2022
Fair value at end of period (Note 4)	¥ 307,150	¥ 306,505

Note 1. Area classification:

“Central Tokyo” is the five central Tokyo wards (Chiyoda, Chuo, Minato, Shinjuku and Shibuya wards) and other major commercial and retail districts of Tokyo (the areas surrounding Ikebukuro, Koraku, Ueno and other areas).

“Tokyu Areas” is the Tokyu rail network hub (Shibuya ward) and other Tokyu rail network areas (Tokyo (Shinagawa, Meguro, Setagaya and Ota wards, and Machida city); Yokohama city, Kanagawa prefecture (Kohoku, Kanagawa, Naka, Nishi, Midori, Aoba and Tsuzuki wards); Kawasaki city, Kanagawa prefecture (Nakahara, Takatsu and Miyamae wards); and Yamato city, Kanagawa prefecture). Shibuya ward is included in both Central Tokyo and Tokyu Areas. “Other” is other districts in the Tokyo Metropolitan Area, including Kanagawa, Saitama and Chiba prefectures (excluding the separately mentioned areas above).

Note 2. The carrying amount is the acquisition price (including expenditures pertaining to the purchase) less accumulated depreciation.

Note 3. Of the change during the six months ended July 31, 2022, the amount of increase is mainly attributable to the acquisition of Meguro Higashiyama Building (¥8,417 million), the extension of Tokyu Toranomom Building (¥1,602 million), and the replacement of equipment and commercialization work of Akasaka 4-chome Building (Tokyu Agency Inc. Head Office Building) and other capital expenditures (¥777 million), and the amount of decrease is mainly attributable to the disposition of Akasaka 4-chome Building (Tokyu Agency Inc. Head Office Building) (¥8,263 million) and 30% co-ownership interest in OKI System Center (land with leasehold interest) (¥1,432 million), depreciation and amortization (¥820 million), and the reversal of construction in progress for the extension of Tokyu Toranomom Building (¥555 million).

Of the change during the six months ended January 31, 2022, the amount of increase is mainly attributable to the acquisition of Aoyama Oval Building (¥18,629 million) and the replacement of air-conditioning equipment of Kojimachi Square and other capital expenditures (¥417 million), and the amount of decrease is mainly attributable to the disposition of 55% co-ownership interest of the trust beneficiary interest in Setagaya Business Square (¥18,661 million), 30% co-ownership interest in OKI System Center (land with leasehold interest) (¥1,432 million), Shonan Mall Fill (land with leasehold interest) (¥7,026 million) and trust beneficiary interest in Daikanyama Forum (¥4,032 million), and depreciation and amortization (¥954 million).

Note 4. The fair value as of July 31, 2022 shows the appraisal value as appraised by an independent real estate surveyor.

The fair value as of January 31, 2022 shows the disposition price in the case of the properties for which a disposition agreement has been concluded, and the appraisal value as appraised by an independent real estate surveyor in the case of the other properties.

The income (loss) in the six months ended July 31, 2022 and January 31, 2022 for investment and rental properties are as presented in “Rental revenue and expense” of the “Notes to Financial Statements.”

15. Revenue recognition

(a) Information about disaggregation of revenue from contracts with customers

For information about disaggregation of revenue from contracts with customers, please refer to “Rental revenue and expense” and “Breakdown of gain on sales of real estate properties” in the “Notes to Financial Statements.”

“Rental revenue and expense” includes revenue based on the “Accounting Standard for Lease Transactions” (ASBJ Statement No. 13). The main revenue from contracts with customers consists of revenue from sales of real estate properties and recoveries of utility charges (“Incidental income” of “Other rental revenue”).

(b) Information as basis for understanding revenue from contracts with customers

The information is as presented in “Significant accounting policies” in the “Notes to Financial Statements.”

(c) Information for understanding the amount of revenue for the fiscal period under review and subsequent fiscal periods

(1) Balance, etc. of contract assets and contract liabilities

For the six months ended July 31, 2022

The nature of contract liabilities is advances received, such as deposits received from the counterparties in sales of real estate properties based on the sale and purchase agreements for the real estate properties (balance at the beginning of the period: ¥982 million).

Contract liabilities are reversed upon recognition of revenue.

The balance at the beginning of the period of ¥982 million was reversed during the period.

For the six months ended January 31, 2022

The nature of contract liabilities is advances received, such as deposits received from the counterparties in sales of real estate properties based on the sale and purchase agreements for the real estate properties (balance at the beginning of the period: ¥212 million; balance at the end of the period: ¥982 million).

Contract liabilities are reversed upon recognition of revenue.

The balance at the beginning of the period of ¥212 million was reversed during the period.

(2) Transaction price allocated to the remaining performance obligations

(i) Sales of real estate properties

For the six months ended July 31, 2022

Not applicable.

For the six months ended January 31, 2022

As of January 31, 2022, the total transaction price allocated to the remaining performance obligations in sales of real estate properties was the ¥9,820 million on the real estate property for which a sale agreement was concluded on October 29, 2021. For the concerned remaining performance obligations, TOKYU REIT expects to recognize revenue upon the delivery of the concerned real estate property, which is planned for March 31, 2022.

(ii) Recoveries of utility charges

For recoveries of utility charges, as TOKYU REIT has a right to consideration from lessees (customers) in an amount that directly corresponds with the value to the customers of the portion of performance completed by the end of the period, revenue is recognized in the amount to which TOKYU REIT has the right to invoice in accordance with Paragraph 19 of the “Implementation Guidance on Accounting Standard for Revenue Recognition.” Accordingly, through application of Paragraph 80-22 (2) of the “Accounting Standard for Revenue Recognition,” the transaction price allocated to the remaining performance obligations is not included in the notes.

18. Subsequent events

The following events occurred after the end of the 38th fiscal period of TOKYU REIT.

① **Acquisition of assets**

The following acquisition of assets were decided on September 14, 2022. The acquisition take place on January 31, 2023.

(i) Type of asset:	Domestic real estate
(ii) Property name:	Futako Tamagawa Rise
(iii) Acquisition price (Note 1):	¥20,200 million
(iv) Contract date:	September 14, 2022
(v) Acquisition date:	January 31, 2023
(vi) Seller:	TOKYU LAND CORPORATION
(vii) Financing:	Debt financing and cash on hand

Note 1. 'Acquisition price' is the amount exclusive of the expenses required for acquisition of the asset (property-related taxes, etc.).

Note 2. The purchase and sale agreement concerning the Acquisition falls within forward commitments, etc. by investment corporations as defined in the Comprehensive Guidelines for Supervision of Financial Instruments Business Operators, Etc. set forth by the Financial Services Agency. The overview of the provisions regarding the penalty stipulated in the purchase and sale agreement for the Transaction is as follows.

When either party violates the agreed matters (including but not limited to provisions of representations and warranties.) stipulated in the purchase and sale agreement for the Transaction and such violation results in failure of achieving the purpose of the said purchase and sale agreement, the counterparty may cancel the said purchase and sale agreement before the completion of the Transaction. If such violation is due to reasons attributable to the violating party, the counterparty with a right to cancel the agreement may demand that the violating party pay a penalty in the amount equivalent to 5% of the purchase/sales price in the said purchase and sale agreement within 30 days of the cancellation of said purchase and sale agreement. TOKYU REIT plans to allocate borrowings and cash on hand to the acquisition funds of the Property. However, as of the date of this document, it is believed that there are no concerns over the acquisition of the Property and that there will be no material impact on the financial status, etc. even if a penalty will be paid, in light of the cash and deposits held by TOKYU REIT, cash flow of TOKYU REIT and the credit limit for the commitment line agreement which has already been arranged. Therefore, TOKYU REIT believes that the acquisition of the Property is unlikely to have a material impact on its financial status and payment of distribution, etc.
